

## **Acquisition of vendor approval from Abu Dhabi Oil Refining Company (“TAKREER”)**

Kaji Technology Corporation (“KAJI”) has acquired vendor approval from Abu Dhabi Oil Refining Company (“TAKREER”) on the reciprocating compressor for air (for utility system) and for plant process gas at the same time.

Vendor approval outline:

VENDOR CODE	912060
DESCRIPTION	Compressors – Reciprocating (Air) Compressors – Reciprocating (Gas)

Since the capital and business alliance contract with Mitsui Engineering & Shipbuilding Co., Ltd., of January, 2015, KAJI targeted to acquire the vendor approval from the world’s leading oil company, TAKREER to expand overseas business. And the vendor approval was officially acquired on March 7, 2017.

KAJI excels the most in the packaged compressors for process gas and utility usage. The compact design capability for the compressor and all the auxiliary equipment, and strict quality control which was fostered by the equipment production for nuclear power plant, etc., have highly been evaluated.

Further to future business opportunities with TAKREER, KAJI will endeavor to expand business on refinery and petrochemical plant construction projects in Middle East and other areas.
