**Launch of High-Pressure Hydrogen Compressors into the Korean Market
through Collaboration with KOREA GASGEN**

KAJI TECHNOLOGY CORPORATION. (hereinafter referred to as 'the Company') will introduce high-pressure hydrogen compressors to the Korean market through collaboration with KOREA GASGEN Co., Ltd. (Head Office: Busan, Korea; Representative: Mr Cheong Won, Seoul).

This spring, the Company delivered the main body of the high-pressure hydrogen compressor to KOREA GASGEN. KOREA GASGEN has now assembled this main body with auxiliary equipment, including electric motors, pressure vessels, and heat exchangers, into a packaged compressor unit and completed trial operations using hydrogen gas.

Following this, KOREA GASGEN has commenced sales of this hydrogen compressor unit incorporating the Company's main body to end-users within Korea for hydrogen station use and hydrogen shipping facility use. In Korea, the WORLD HYDROGEN EXPO 2025 (H2 MEET 2025) is scheduled to be held over four days from Thursday, December 4 to Sunday, December 7, 2025 at the KINTEX Exhibition Centre. KOREA GASGEN plans to exhibit at this event, showcasing the unit as an on-site hydrogen compressor package.

KOREA GASGEN is a newly established company founded in May 2025 by engineers from KOREA HYDRAULIC CO. (Headquarters: Busan, Korea; Representative: Mr. Chul Soo, Sul), which possesses an extensive track record in the Korean market for supplying hydrogen compressor units equipped with hydraulic boosters. KOREA GASGEN began its independent operations in June 2025, building upon the experience and technical expertise of its founding engineers.

KOREA GASGEN will handle assembly of the packaged compressor units, as well as sales and after-sales service to end-users in Korea. Through the delivery of reciprocating hydrogen compressor units - a product boasting a strong track record of installations in Japan - to KOREA GASGEN, the Company will also contribute to the advancement of carbon neutrality in Korea.

■ Overview

●KOREA GASGEN :

Name : KOREA GASGEN CO., LTD.
Location : 22, Noksan Industrial Jung-ro 61beon-gil, Gangseo-gu, Busan, KOREA
Representative : Mr Cheong Won, Seol

●KOREA HYDRAULIC :

Name : KOREA HYDRAULIC CO.
Location : Noksan Industrial Complex 1591-2, Songjeong-Dong, Gangseo-Gu, Busan, KOREA
Representative : Mr Chul Soo, Sul

●Compressors supplied to KOREA GASGEN

Model : VD4-100GH-OL、VD4-150GH-OL (Disch. Pressure : 20MPa)

●WORLD HYDROGEN EXPO 2025 (H2 MEET 2025)

Host City : Goyang-si, Gyeonggi-do, KOREA
Organized by : WORLD HYDROGEN EXPO Organizing Committee
Period : December 4 (THU) - 7 (SUN), 2025
Venue : KINTEX II (Korea International Exhibition Center)
※KOREA GASGEN's Booth No.; 7B15-2
